

Iowa Disaster Recovery Tabletop Exercise

RICC discussion on pending goals 12/17/2009

- Chuck Seel asked about a tabletop exercise for disaster recovery, not just response.
- General Orr stated that it is imperative to capture the lessons learned from the 2008 disasters and look at what a model would be for the future.
- Dave Miller - document the work that the RIO has done, who has been involved in the process, how it needs to be maintained, and how to sustain the investment.

Iowa Disaster Recovery Tabletop Exercise

Rebuild Iowa Advisory Commission Recommendation #11:

Rebuild Iowa Office Roles and Responsibilities – The state must formalize the Rebuild Iowa Office and associated responsibilities related to the 2008 Disaster recovery.

120 DAY REPORT
SAFER STRONGER SMARTER

Iowa Disaster Recovery Tabletop Exercise

- During the next major/catastrophic disaster that affects the state, how will Iowa establish a vision for recovery?
- How will the state organize to identify recovery issues and find solutions?
- How does the state build transparency and accountability into the next long-term recovery process?
- How do we “sustain the investment” and lessons learned following disaster 2008 and the work of RIO?

Iowa Disaster Recovery Tabletop Exercise

Iowa Comprehensive Plan

Part C

Iowa Disaster Recovery Plan

Iowa Homeland Security and Emergency Management Division
David Miller
Homeland Security and
Emergency Management Administrator

November 2007

- Identify & designate responsibilities/rules of federal/state agencies, NGO's, & private
- Provide resources for a coordinated effort to deliver programs & services
- Outline actions & procedures prior to & during declared disaster

Iowa Disaster Recovery Tabletop Exercise

The purpose of this tabletop exercise is to develop a state plan for long-term recovery following a major disaster.

This discussion-based exercise will also identify the communications process required to support recovery needs state-wide.
